

## Top Requested Team Building Programs

### GeoQuest: The High-Tech Treasure Hunt

Locate hidden treasures using hand-held GPS receivers as your guide. Participants will develop an appreciation for the power of collaboration, build better relationships, use creative problem solving skills, and have fun.

### Team Building at the Zoo

Experience an exciting day at a zoo near you with ZooQuest and Jungle Adventure. Take part in a high-tech treasure hunt and in a fast-paced indoor team building simulation that requires effective collaboration, leadership, planning, and communication.

### Movie Mayhem

We provide the props, costumes, and cameras. You provide the directors, writers, and actors. After filming your movie, we'll screen them, then present awards at our high-energy awards ceremony.

### Wheels for the World

This program combines physical and mental team challenges with the construction of a bicycle. It requires teamwork and effective communication. At the end of the event, all bicycles are donated to underserved children within your community – or the charity of your choice.

### CSI NegativeZero: The Case of Victor Steele

Build teamwork and critical thinking skills while using the tools and methods of a real CSI agent. Experiment with fingerprint and blood test kits as your team attempts to solve the murder of Victor Steele.

### You Take the Cake

Now you can say, "Everything I learned about teamwork I learned from baking a cake." This cake decorating activity will bring the creativity out of your group and will teach them about the roles each of them play in team innovation.

### Adventure Series

This Series consists of Battleship Adventure, Deep Water Adventure, Intergalactic Adventure and Jungle Adventure. These fast-paced team building simulations require effective collaboration, leadership, planning, and communication.

### Team Samurai: The Art of Teamwork

This session will focus on mediation, stress management, and find balance along with relating martial art concepts and techniques to team dynamics. This unique program engages your team's mind, body and spirit.

### Why We Click with Some and Clank with Others

Through dynamic interactive exercises, participants experience their styles as they play out in a variety of situations. The respect, teamwork, and trust fostered by this approach establish an environment in which all team members can thrive.

## Teambuilding, Inc. – Company Profile

Teambuilding, Inc. was founded in 1985 to help develop the skills that create long-lasting personal, professional, and organizational success. Our experienced staff helps identify client needs through individual, team, and organizational assessment. We link developmental experiences to real-world business issues through one-on-one performance *coaching* and *training* programs.

Our *team building* programs range from fun team retreats to intensive team interventions. Our *leadership development* programs target basic supervisory skills, as well as the higher-level competencies needed by senior executives. By integrating training sessions with one-on-one coaching, individuals achieve maximum results. Programs are engaging, memorable, and create lasting results.

Teambuilding, Inc. *assessment* services help individuals, teams and organizations to gain a clear perspective of their strengths and challenges. Our online survey system utilizes user-friendly, state-of-the-art technology. And our survey design experts turn *360-degree feedback* processes, *team evaluation*, and *organizational satisfaction surveys* into the foundation for success.

### Leadership Development

Teambuilding, Inc. helps turn managers into leaders by utilizing the following tools and methods:

- 360-degree feedback
- Executive and career coaching
- Leading with Style training program based on the DiSC™ Behavioral Profile
- Classroom and online training programs including: Leadership fundamentals, communication, delegation, conflict management, performance management, leading change, and more

### Organizational Development

Teambuilding, Inc. can help put companies on the right path through our organizational consulting and training services that include:

- Organizational climate and satisfaction surveys
- Mission & vision creation
